

David Thomas Roberts

Webster's Dictionary defines a *Renaissance Man* as: "a present-day man who has acquired profound knowledge or proficiency in more than one field."

David Thomas Roberts' definitely fits the description of a modern-day Renaissance Man. Roberts is a serial entrepreneur, inventor, and author. Roberts founded a telecom technology firm based on a software idea he created and patented. Roberts' first foray into the world of writing resulted in his inaugural political suspense thriller, "*Patriots of Treason*," which was followed by "*A State of Treason*" which won several Best Fiction awards and became bestsellers. Roberts' experience with his inaugural book again fanned the flames of his entrepreneurial spirit as he launched Defiance Press & Publishing (Defiance Press). Roberts also has penned "*Unemployable: How to be Successfully Unemployed Your Entire Life*." Although this book crossed into a completely different genre (Non-Fiction: Business), Roberts again experienced success as "*Unemployable*" was awarded *Best Business Book of the Year – 2017* by the Texas Authors Association. Roberts will again be delving into fiction and non-fiction with his new release "*Purge on the Potomac*" and his expose on the IRS in "*The Death of Liberty*" in which he collaborates with Congressmen, Senators and several IRS whistle-blowers on the recent IRS scandals and how the 16th Amendment has encroached on American liberties.

REVIEWS:

“When the U.S. government goes awry, the Texas Rangers step in to clean it up. This third book in The Patriot series, *Purge on the Potomac*, is a present-day political thriller that will have fans casting their vote for more.”

– *Chanticleer Reviews*

To call the vision David Thomas Roberts presents in this book “chilling” would be an understatement. This book will give you a good look at what would have been and possibly still could be our future. Lots of excitement, cloaks, and daggers along the way and even a few joyful whoops as our heroes deliver again! Whatever you may have been expecting, you will not see it coming when you read “Purge on the Potomac”!

- Doc Greene, host, American Voice Radio

“Pay no attention to that man behind the curtain!” we’re told. Ted Cruz called the DC lobby the “Washington Cartel”. In the Texas legislature we refer to it as the “Austin Cartel”. “Purge on the Potomac” is an engrossing and sobering read of what could come to be in the absence of a vigilant Texas. We must take back from those who wish to enrich themselves at the expense of our liberty. So goes Texas, so goes America.

- Honorable Steve Toth, former Texas State Representative

A government infested with power hungry individuals who are willing to shred the Constitution for money and political gain. Texas now stands alone unbowed, unbroken as the U.S. government uses the power of the FBI and IRS to break her will. Weapons on both sides are cocked as both parties stand face to face and eye to eye. TEXAS will never blink!

- Durhl Caussey, The Focus Daily News
